

Future Love

That's right, that's right, that's right
Making future love tonight
That's right, that's right, that's right
Making future love tonight

All you need is (beep beep) love
All you need is (beep beep) love
Love is such a deep deep feeling

Future love (4x)

That's right, that's right, that's right
Making future love tonight
That's right, that's right, that's right
That's right!
